SIZE GUIDE | FIND YOUR PERFECT FIT

We want you to feel confident and comfortable in every piece. Our authentic African clothing comes in a variety of styles, fabrics, and silhouettes. Measurements and sizing may vary by garment, so always consult the measurements on the individual product page before ordering.

How to Measure

Measurement	How to measure
Bust / Chest	Measure around the fullest part of your bust or chest.
Waist	Measure around your natural waistline without pulling the tape tightly.
Hips	Measure around the fullest part of your hips.
Shoulder	Measure across your back from shoulder point to shoulder point.
Garment Length	Measure from the highest shoulder point to the desired hemline, or use the listed product length.
Inseam	Measure from the crotch to the bottom of the pant leg.

Women's Clothing

Our collection includes dresses, kaftans, skirts, palazzo pants, dashikis, and more. Some pieces have relaxed, flowing silhouettes; others are more structured. Compare your measurements with the dimensions listed for the specific item.

Men's Clothing

Our collection includes traditional African suits, shirts, dashikis, pants, and jackets. Check each item's measurements carefully, especially for tailored or fitted styles.

One Size Fits Most

Some garments are designed with flexible, loose, or adjustable fits. One size does not mean every size. Please review the bust, waist, hip, and garment-length measurements shown on the product page.
